

Little Fires Everywhere - August 2020

Sarah Benest

As I was praying a couple of weeks ago in my car the Holy Spirit showed me a picture of a fire being blown and thousands of tiny sparks being carried and scattered in the wind. As

they landed the little sparks set new fires and the flames began to spread.

I then heard the phrase: "little fires everywhere." Yes, it's the title of a film, but God reminded me of a particular line in the film:

"...From the intensity and the way that it took hold, it looks like there were little fires everywhere."

This is what I believe the holy spirit is going to do. The glory of the Lord fills his temple, his church, but we have been scattered and blown into our homes, streets, workplaces and communities. This is not a scattering to disband and diminish. It is a timely blowing of the Spirit, so that the fire can be spread and scattered into places that are dry and ready, like tinder...ready for my presence to pour out and my glory to be revealed. My Holy spirit

does not only wish to manifest within church buildings... but wishes to manifest in the home, workplace and school, in the everyday and in the normal. Make way for me to pour out in every aspect of your lives. Raise your faith and see the new work I wish to do. Open your hearts, your minds and your homes to me and invite me in and I will come. Get ready for me to meet with you in a new and empowering way. Get ready because I wish to blow my embers into your life and start a little fire in you!
